CPNI Certification Statement

CAROL WIRSBINSKI, hereby certifies:

1. (herein referred to as "Integra").

2. I have reviewed the following information, have personal knowledge of the facts set forth herein and the same are true.

3. Integra has implemented a system by which the status of a customer's CPNI approval can be clearly established prior to the use of CPNI. Each customer's records are included in a unique file within Integra's databases and contain a designation identifying whether or not we have obtained, through the processes permitted by the FCC's rules, the customer's approval to use, disclose or permit access to his or her CPNI. We require the name of the person requesting any information or Certification of CPNI Filing, 2-6-06

3 its request in writing on customer letterhead or by letter of authorization.

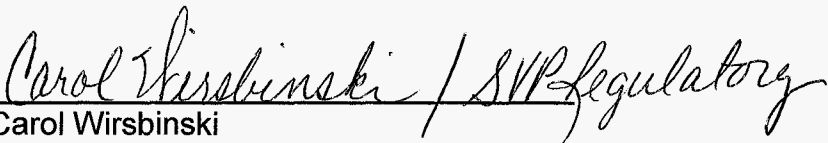

4 4. Integra strongly believes that a customer's CPNI, as well as other
5 information, is confidential and specifically trains its personnel as to when they are, and
6 are not, authorized to use CPNI. Integra has a disciplinary process in place if the rules
7 are violated, as clearly set forth in the Employee Handbook, new employee training, and
8 as are updated and reinforced through regular employee and staff meetings and upon
9 the employee annual review.

10 5. Integra maintains a record of its and its affiliates' sales and marketing
11 campaigns that use customer CPNI. Integra maintains a record of all instances where
12 CPNI is disclosed or provided to third parties, or where third parties are allowed access
13 to CPNI. Integra maintains these records for at least one year.

14 6. Integra has a supervisory review process regarding compliance with the
15 FCC's CPNI rules for any outbound marketing efforts, and maintains records of
16 compliance for at least one year. Integra requires sales and marketing personnel to
17 obtain supervisory approval of any proposed marketing request for customer approval.

18 7. Integra is prepared to provide the FCC with written notice within five
19 business days of any instance where the "opt out" mechanisms do not work properly.
